The amount sanctioned for the supply of water to this town has been qute inadequate for providing with fountains certain thickly populated portions of the town, such as Hosapet, Kurubakeri and Nadupetta. We therefore pray that a further sum of rupees two or three thousand may be kindly sanctioned to supply drinking water to all the people.

SIR,

With reference to your letter ~~No~~ 7183/ml 306-08-3 of the 3rd instant, forwarding an extract from the address presented to the Dewan at the Dasara Representative Assembly of 1908 on behalf of the residents of the Harihar town, and enquiring whether the water supply project to the town as now sanctioned does not meet the requirements of the townspeople I have the honor to inform you that I consider that the supply now given to the town is sufficient for the reasonable requirements of its inhabitants, but demands have been re-ceived from them through their representative member for increased fountains in certain of the more thickly populated areas, and I am also of opinion that some small improvements are required, such as the enlargement of the stone flooring round the taps already given

2 The Executive Engineer, Water Supply and Stores Division, has been asked to submit supplemental estimates for these works and they will be forwarded to Government for orders on receipt from him

I have the honor to be,
SIR,
your most obedient servant,
